## Special Edition

Welcome to Mint Error News Magazine, bringing the latest mint error news and information to the collector. Two major Mint Error News sponsors are Mike Byers and ANACS.

Mike Byers ([mikebyers.com](http://mikebyers.com)) is the Publisher and Editor of Mint Error News Magazine and the website [minterrornews.com](http://minterrornews.com). He has been a Professional Numismatist since 1978. He is the largest dealer of the world's rarest mint errors. He specializes in U.S. and World Major Mint Errors, Die Trials and Numismatic Rarities. His new discoveries of major mint errors have been front page news for years. Mike Byers is also a Consultant for ANACS for Mint Errors.

ANACS ([www.anacs.com](http://www.anacs.com)) is one of the three major grading services. They have been authenticating, certifying and encapsulating mint errors since 1991 which is years longer than the other two grading services combined. ANACS is highly respected in the Numismatic Community and has extensive experience in authenticating mint errors.

Two other sponsors to Mint Error News are Tim Bullard ([errorcointrader.com](http://errorcointrader.com)) and Allan Levy ([alscoins.com](http://alscoins.com)). Because of their combined experience and insight of the error coin market, they will bring valuable news and information to Mint Error News.

Additional sponsors are CoinLink, CoinFacts.com, [errorworldclub.org](http://errorworldclub.org), Eureka Trading, [uspatterns.com](http://uspatterns.com), Northeast Numismatics, Robert L. Astrich and The Software Clinic.

# “Around The World”

- Updating Activity In and Around Error World Groups -

by Jim Archibald - EW Founder

As the end of the year approaches, it has been very busy throughout EW Groups. Here are the current statistics...

EW1 - Error World - 420 members  
EW2 - Error World 2 - 436 members  
EW3 - Variety Coins - 191 members  
EW4 - U.S.Coin Collecting - 433 members  
EW5 - World Coin Collecting - 118 members

Total - 1,598 Error World Members

Our MSN Groups have gone on the offensive against the recent surge of people joining to advertise pornographic sites. Since the last issue, we have had two coin groups shut down due to this recent attack by spammers. EW has a very strict anti-spam policy and bans any member who joins one of our groups to post advertising of any kind. To date, it's a war we are winning. Both Collectables and Coins and World Coins and Currency are now shut down, and another group called US COINS is currently under investigation and should be shut down shortly. All Error World Groups are designed to be for the whole family, and we will not put up with any

questionable behavior from new members.

On October 12th we were all informed that legendary Morgan variety specialist Pete Bishal passed away from an apparent heart attack while attending a coin show in New York. Pete was a long time EW member and a former CONECA officer. Pete was a character alright, one heck of a nice guy, who loved to raise heck. He will be dearly missed by everyone that knew him.

Remember, Error World Groups are 100% free and we have loads of free prizes for active members. No dues means we do for you instead of you doing for us. In EW we have a saying, "we don't want your hard earned money!" so if your actively looking for a good coin club come check us out, you'll be glad you did.

Error World Medal update... The winners in our first EW Medal design contest will be announced in the next issue of Mint Error News! Don't miss a single issue!

The ANACS team enthusiastically works to advance coin collecting by offering unequalled expertise and developing new services.

This makes ANACS the choice of hobbyists, professional numismatists, and dealers. We are the coin grading service to contact when you want to know all the details about your coin's authenticity and grading.

# *Mike Byers' Featured Coin:* Unique Jefferson Nickel Die Trial PCGS MS 62 - Price on Request

This recently discovered and certified Jefferson Nickel Reverse Die Trial is unique and also the only known die trial for the entire Jefferson Nickel series.

It is a reverse die trial of a design for the Monticello that was not adopted. It was struck in copper with a diameter of .854 inches and the weight is 109.4 grains.

This die trial was designed by Anthony De Francisci, who also designed the Peace Dollar which replaced the Morgan Dollar in 1921. De Francisci's models including this reverse design are in the Smithsonian and were donated by Teresa De Francisci.

This recent discovery was unknown to the numismatic community and is not listed in Judd, Pollock nor any other numismatic reference book. It was discovered in an estate including coins and other numismatic items. I immediately purchased this die trial from another dealer upon certification by PCGS. Uspatterns.com has given this piece the designation of JC1938-1.

This unique Jefferson Nickel die trial was featured on the cover of the third issue of Mint Error News Magazine. It was also featured on coinfacts.com, CoinLink.com and uspatterns.com. Coin World featured this unique die trial in a 1/2 page illustrated article on page 82 of the October 27, 2003 edition.

# **Rarest Known Indian Cent Struck on Venezuela 1 Centavo Planchet NGC MS 61**

This 1877 (Key Date) Indian Cent was struck on a Venezuela 1 Centavo blank planchet. It is the only one known and it is unique to date. In 1874 the United States passed *The Enabling Act*, allowing the striking of coins for Foreign Nations. This is the earliest dated United States coin struck on a planchet intended for a different country. This very rare major mint error was certified by NGC MS 61. It has a white lustrous color and is very dramatic since it is not struck on a copper cent blank.
